Why Are We Having This Festival?

This gives Clubs the opportunity to evaluate their teams performance against teams from other districts they may have not played. Clubs will have until October 22 to withdraw their Application with no obligation if they feel their team will not be competitive.

It is expected that players, coaches and parents will behave in a sportsmanlike manner. There will only be 1 referee for each game. Please respect the Official.

We hope you enjoy the weekend and hope to see you on the fields playing in the CSL next summer.

Each team please email reply with your team name, boys or girls and list your game days and times so I know you have the correct information.

Any questions or concerns please contact me.
